

Implants on Compatible ComponentsHigh Quality and Cost Effective

We are now providing high quality implant restorations on compatible components. The components are fully guaranteed and there are options for most implant systems. The restorations are the same high quality we would normally offer but allows for a more cost effective solution than using original components.

Screw Retained from only £189 including all parts

We are offering all inclusive prices on these compatibles which includes the interface, analog/replica models etc. All we need from you is the impression or intraoral scan.

All restorations are precision made using CAD/CAM and come fully guaranteed, with all inclusive prices starting from just £189 for a complete single tooth restoration. We can provide virtually any type of implant restoration this way using a multitude of materials to ensure you and your patient get the result you should expect in a cost effective way.

If you would like further information or would like to discuss your options with us please let us know

E-Mailed Invoices & Statements

We had a good response to our previous notice and would like to continue doing our bit for the environment. If you haven't yet requested electronic invoices and statements please let us have the e-mail address you would like used and we will set it up on our system.

The easiest way would be to e-mail us your details to accounts@mauricehood.co.uk from the e-mail address you would like us to send the invoices and statements.

Ultra-Suction Dentures No Longer Available

Unfortunately, it seems the manufacturer of the Ultra-Suction system is no longer making the parts.

Therefore, we can no longer supply Ultra-Suction Dentures. Apologies for any inconvenience. We will continue to look for an alternative.
